**Apple Appeal**

**Heat a large non-stick skillet over medium-high heat. Immediately reduce to medium heat. Put all the ingredients in the skillet and stir together. Cook for 10 minutes, or until just tender, stirring gently and frequently.**

**Snacking:** Try Red or Golden Delicious or McIntosh. Honey Crisps are juicy and crunchy. Braeburn and Gala have good crunch and a nice balance of sweetness and acid. Fujis are noted for their sweetness.

**Baking Apples:** A good baking apple holds its shape when cooked. The classic choice for pie is the tart Granny Smith. For bolder flavors in a pie, try Jazz or Pink Lady varieties. Galas and Fujis are ideal in cakes and muffins.

**Applesauce:** For smooth applesauce choose McIntosh, Macoun, or Empire varieties, which break down quickly when cooked. If you prefer a chunky texture, try Cortland, Golden Delicious, Granny Smith, or Northern Spy types. Apples are a good source of pectin, which keeps applesauce thick and smooth without the need for starches or gums.

**Microwave Apple Cinnamon Oatmeal**

**1 serving**

**Ingredients:** 1 small apple, ½ cup dry old-fashioned oats, 1 cup water, pinch cinnamon, 1 tsp brown sugar, 1 Tbsp walnuts

**Directions:** Core and coarsely chop apple. Combine apple and oats in a 2 cup or larger microwave-safe bowl. Stir in water. Heat in the microwave on high for between 3 to 5 minutes, watching to be sure it doesn’t rise over sides of the dish. Apples will be softened and most of the liquid absorbed. Add brown sugar. Stir, then top with chopped walnuts and enjoy!
