Schedule of Findings and Questioned Costs	25
Summary Schedule of Prior Year Findings and Ouestioned Costs	26

#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of The Food Bank of Western Massachusetts, Inc.

#### Report on the Financial Statements

We have audited the accompanying financial statements of The Food Bank of Western Massachusetts, Inc. ("The Food Bank", a nonprofit organization), which comprise the statements of financial position as of September 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to The Food Bank's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Food Bank's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Food Bank of Western Massachusetts, Inc. as of September 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Emphasis of Matter

As discussed in Note 2, as of and for the year ended September 30, 2019, The Food Bank of Western Massachusetts, Inc. adopted Financial Accounting Standards Board Accounting Standards Update No. 2016-14, Not for Profit Entities (Topic 958); Presentation of Financial Statements of Not-For-Profit Entities. Our opinion is not modified with respect to this matter.

#### Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 30, 2020, on our consideration of The Food Bank of Western Massachusetts, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of The Food Bank of Western Massachusetts, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The Food Bank of Western Massachusetts, Inc.'s internal control over financial reporting and compliance.

Mayees Beddees Halicka. P.C.

Holyoke, Massachusetts January 30, 2020

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 1. NATURE OF ORGANIZATION:

The Food Bank of Western Massachusetts, Inc. ("The Food Bank" or the "Organization") was founded in 1982. The mission of The Food Bank is "to feed our neighbors in need and lead the community to end hunger." The Food Bank distributes food directly and through a network of approximately 175 partner local feeding programs (pantries, meal sites, shelters and other social service programs) to more than 207,060 individuals annually who are at risk of hunger and food insecurity on any given day, week or month of the year. In addition to food distribution, The Food Bank also provides SNAP outreach and enrollment, nutrition education, capacity building resources for their region's emergency food network, and public education and advocacy on hunger and more broadly address food insecurity - not knowing where your next meal will come from.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

#### Basis of accounting

The accompanying financial statements of The Food Bank have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

#### Accounting policy adopted

In August 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. ASU 2016-14 requires significant changes to the financial reporting model of organizations that follow FASB not-for-profit standards, including changing from three classes of net assets to two classes, net assets with donor restrictions and net assets without donor restrictions. The ASU also requires changes in the way certain information is aggregated and reported by the Organization, including an analysis of expenses by function, investment expenses are now netted with investment income and required disclosures about the liquidity and availability of resources. The new standard is effective for the year ended September 30, 2019, and must be applied on a retrospective basis. Adoption of the ASU did not result in any restatements to net assets or changes in net assets.

#### Classification of net assets

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Net assets without donor restrictions - Net assets without donor restrictions represents amounts that are not subject to donor-imposed restrictions. These funds are available to be used for the general purposes of the Organization and may be designated for specific purposes by action of the Board of Directors.

Net assets with donor restrictions - Net assets with donor restrictions represents amounts that are subject to donor-imposed stipulations. Certain net assets are temporary in nature and when a purpose or time stipulation is met, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Certain donor restricted net assets must remain in perpetuity and the earnings on these net assets may be used as stipulated.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### Cash - board designated reserves

At September 30, 2019, board designated reserves include a certificate of deposit of \$858,255 with a schedule maturity date at November 5, 2020 and a savings account with a balance of \$449,711. At September 30, 2019, this certificate has a stated interest rate of 1.78%. During the fiscal year, the Organization consolidated the certificates into one account. At September 30, 2018, board designated reserves include certificates of deposit of \$1,222,958 which had a stated interest rate of 1.78% and a savings account with a balance of \$527,042. The certificates are recorded at cost plus any interest which has been reinvested.

#### Cash – with donor restrictions

The Food Bank received \$5,100 in donations during 2002 for the establishment of an endowment fund with donor restrictions. Under the terms of this fund, the corpus shall remain restricted and the income thereon may be used for general purposes of The Food Bank.

During fiscal year 2019, The Food Bank received \$190,140 in donations for the purchase of a second farm which is included in restricted cash.

#### Accounts and grants receivable

Accounts and grants receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to receivables. There is no allowance for uncollectible accounts as of September 30, 2019 and 2018.

#### Pledges receivable

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The Food Bank reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual pledges. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to pledges receivable. There is no allowance for uncollectible accounts as of September 30, 2019 and 2018.

#### **Inventory**

Categories of food inventory include donated food, purchased food, and government surplus food which is warehoused on behalf of the government by The Food Bank for redistribution. The Organization values its donated food inventory and cost of donated food received and distributed using the price per pound provided by Feeding America as stated in the most recently completed *Product Valuation Survey*, *Agreed-Upon Procedures* and a communication from KPMG, LLP for the calendar years ended December 31, 2018 and 2017. The *Product Valuation Survey* is updated annually by Feeding America. The valuations at September 30, 2019 and 2018 were \$1.62 and \$1.68 per pound, respectively. Purchased food is stated at the lower of first-in, first out (FIFO) cost or net realizable value. Net realizable value represents the estimated selling price of the inventory, less reasonably predictable costs of completion, transportation, and disposal.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### Property and equipment

Property and equipment are stated at cost, net of the related depreciation. Maintenance and repairs are charged to expense as incurred. The Organization's policy is to capitalize property and equipment purchases greater than \$5,000 with a useful life greater than one year. Donated assets are stated at estimated fair value on the date of donation. Depreciation commences when the assets are placed into service and is recorded using straight line and accelerated methods over the following estimated useful lives of the assets:

Building and improvements 10 - 40 years
Furniture, fixtures and equipment 3 - 10 years
Motor vehicles 5 years

For the years ended September 30, 2019 and 2018, depreciation expense was \$229,353 and \$225,783, respectively.

#### **Investments**

Investments are stated at fair value using methodologies as discussed in Fair Value Measurements (Note 7). Gains and losses that result from market fluctuations are recognized in the period such fluctuations occur. Realized gains and losses resulting from sales or maturities are calculated on a specific identification basis. Dividend and interest income are accrued when earned and reported net of investment advisory fees.

Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of uncertainty related to changes in interest rates, market volatility and credit risks, it is at least reasonably possible that changes in these risks could materially affect the fair value of investments and related activity reported in the financial statements.

#### Deferred revenue

Deferred revenue consists of membership fees received before year end that are for future periods.

#### Revenue recognition

Revenue from cost reimbursement contracts is recognized as eligible costs are incurred in accordance with contract agreements. All other revenue is recognized when eligible services are rendered. Support from contributions and grants is recognized when pledged. Donated food is recognized when received; the value is calculated by using the Product Valuation Survey Methodology prepared by KPMG for Feeding America.

#### Functional allocation of expenses

The cost of providing various programs and supporting activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated by management among programs and supporting services. Expenses are charged to programs and supporting services include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of The Food Bank. Occupancy expenses are allocated based upon square footage.

#### Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

#### **Income taxes**

The Food Bank is a not-for-profit corporation organized under Chapter 180 of the laws of the Commonwealth of Massachusetts and is exempt from federal and state taxes under Section 501(c)(3) of the Internal Revenue Code and accordingly does not record a provision for income taxes on its changes in net assets. In addition, The Food Bank qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

#### Uncertain tax positions

A tax position is deemed to include such things as the Organization's tax-exempt status, unrelated business income and the methodologies for allocating expenses to unrelated business income streams. Management has evaluated significant tax positions against the criteria established by professional standards and believes there are no such tax positions requiring accounting recognition. The Organization's tax returns are subject to examination by taxing authorities for all years ended on or after September 30, 2016.

#### Recent accounting standards

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue From Contracts With Customers. This may impact the way the Organization recognizes revenue under GAAP. The new standard will require the Organization to recognize revenue when promised goods or services are transferred to customers and in the amount of consideration to which the Organization expects to be entitled. The Organization will be required to follow a five step process outlined by the FASB to determine recognized revenue for each contract which may result in differences from the current method. The Organization is not required to apply the new standard until years beginning after December 15, 2018 (year ending September 30, 2020).

In February 2016, the FASB issued ASU No. 2016-02, Leases. As part of this new standard, there are significant changes that call for the treatment of current operating leases as capital leases, resulting in recognition by the lessee (the Organization) of a lease liability and a corresponding right-of-use asset. The lessor will recognize an asset representing its right to receive payments. The Organization is not required to apply the new standard until years beginning after December 15, 2020 (year ending September 30, 2022). The Organization may also early adopt the new standard. In preparation of this standard, management will be reviewing and evaluating all leases, review its capitalization policy, and assess the potential impact on any related financial covenants required by the Organization's financing arrangements.

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash. This impacts the presentation of the change in restricted cash on the statement of cash flows. Amounts generally described as restricted cash will be included with cash and cash equivalents when reconciling the beginning of year and end of year total amounts. The Association is not required to apply the new standard until years beginning after December 15, 2018 (for the year ending September 30, 2020). Management is currently assessing the impact of this standard.

In June 2018, FASB issued ASU No. 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The guidance will assist organizations in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the Scope of Topic 958, Not-for-Profit Entities, or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. These changes will be implemented simultaneously with adoption of the new revenue standard (for the year ending September 30, 2020).

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 3. LIQUIDITY AND AVAILABILITY OF ASSETS:

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, September 30, 2019, comprise the following:

Cash	\$ 501,017
Accounts and grant receivable	498,940
Total	\$ 999,957

The Organization manages its liquidity by developing and adopting annual operating budgets that are designed to provide sufficient funds for general expenditures and allow the Organization to meet its liabilities and other obligations as they become due. The Organization has over \$1,800,000 of investments that could be liquidated for general expenditures should management deem it appropriate. In addition, the Organization maintains reserves that may be used for general expenditures upon board approval.

As more fully described in Note 9, the Organization also has a line of credit in the amount of \$500,000, which it could draw upon to meet cash flow needs. The available balance on this line was the full \$500,000 at September 30, 2019.

#### 4. PROPERTY AND EQUIPMENT:

Property and equipment consisted of the following at September 30, 2019 and 2018:

		2019	_	2018
Land	\$	287,500	\$	287,500
Building and improvements		3,664,423		3,664,423
Furniture, fixtures and equipment		1,046,626		1,007,701
Motor vehicles		640,845		616,461
	200	5,639,394		5,576,085
Less: accumulated depreciation	_	(2,799,044)		(2,666,289)
Property and equipment, net	\$	2,840,350	_ \$ _	2,909,796

#### 5. INVESTMENTS:

The Food Bank considers these investments as a quasi-endowment. Investments consisted of the following at September 30, 2019 and 2018:

Mutual Funds	2019		2018
Large blend funds	\$ 900,407	_ \$	875,199
Corporate bond funds	388,250		349,755
Short-term bond funds	370,253		349,704
Large growth funds	84,223		79,987
Foreign large blend funds	85,682		87,038
Total	\$ 1,828,815	\$	1,741,683

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 6. INVESTMENTS AT COMMUNITY FOUNDATION:

The Food Bank transferred funds to the Community Foundation of Western Massachusetts (CFWM) to establish The Food Bank of Western Massachusetts Fund. However, The Food Bank is the beneficiary of the Fund and could receive full distribution. The refundable advance which is stated at market value, was \$29,653 and \$28,902 at September 30, 2019 and 2018, respectively.

#### 7. FAIR VALUE MEASUREMENTS:

The Organization follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
- Level 3 Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The disclosure of fair value measurements is based upon information provided by Vanguard and CFWM and is reviewed by management. As of September 30, 2019 and 2018, all investments held by The Food Bank are considered to be Level 1.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2019 and 2018.

Mutual Funds - are reported at fair value based on quoted market prices.

Investments - stated at fair value based on The Food Bank's share of assets held by the Community Foundation of Western Massachusetts.

#### 8. DUE TO MEMBER AGENCIES:

Due to member agencies consists of funds held by The Food Bank on behalf of member agencies for the purchase of food. As of September 30, 2019 and 2018, the due to member agencies was \$20,129 and \$25,335, respectively.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 9. LINE OF CREDIT:

The Food Bank has a line of credit with a bank with a maximum borrowing of \$500,000 with interest at the Wall Street Journal prime rate and due on demand. There was no outstanding balance on the line at September 30, 2019 and 2018.

#### 10. BOARD DESIGNATED RESERVES:

Board designated reserves are available for the following purposes at September 30, 2019 and 2018:

	 2019		2018
Operating reserve	\$ 1,015,000	\$	1,200,000
Capital reserve	290,094		450,000
Strategic opportunity reserve and disaster fund	 2,872		100,000
	\$ 1,307,966	_ \$ _	1,750,000

The Board fulfills the recommendation of Feeding America to maintain an operating reserve equal to three months of cash operating expenses but is not required to maintain this reserve if the Organization has positive working capital for the last two fiscal years.

The capital reserve fund is for repair, replacement or acquisition of capital asset expenditures related to facility and long-term capital investments and projects.

The strategic, opportunity and disaster fund is for unbudgeted programmatic, infrastructure, community and emergency food network support.

#### 11. NET ASSETS WITH DONOR RESTRICTIONS:

Time or purpose restricted net assets are summarized as follows at September 30:

		2019	2018
Food Bank farm	\$	190,140	\$ -
Endowment fund	-	5,100	 5,100
	\$	195,240	\$ 5,100

As of September 30, 2019, there were no time or purpose restricted net assets that were released from donor restrictions. As of September 30, 2018, there was \$23,270 of time or purpose restricted net assets that were released from donor restrictions by incurring expenses satisfying the time or purpose restrictions.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 12. ENDOWMENTS:

Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The objectives of the endowments are to maximize return within reasonable and prudent levels of risk, to preserve the purchasing power of the endowments' current assets and all future contributions over appropriate longer-term investment horizons and to control the costs of administering the endowments and managing the investments. The overall asset allocation for the endowments is sixty percent in equities and forty percent in fixed income.

Effective June 21, 2018, the Board of Directors approved a spending policy for the endowments. The target spending rate shall be 4% as of the preceding March 31st, thirteen-quarter rolling average fair value of the fund.

Endowment net asset composition by type of fund as of September 30, 2019 is as follows:

	Without Donor Restrictions		-	With Donor Restrictions	Total Endowment Net Assets
Endowment funds with donor restrictions	\$	-	\$	5,100	\$ 5,100
Investments – quasi-endowments		1,828,815			1,828,815
	\$	1,828,815	\$	5,100	\$ 1,833,915

Endowment net asset composition by type of fund as of September 30, 2018 is as follows:

	Without Donor Restrictions		With Donor Restrictions		Total Endowment Net Assets
Endowment funds with donor restrictions	\$	_	\$	5,100	\$ 5,100
Investments – quasi-endowments		1,741,683		-	1,741,683
	\$	1,741,683	\$	5,100	\$ 1,746,783

Changes in endowment assets at September 30, 2019 are as follows:

	 Without Donor Restrictions	-	With Donor Restrictions	-	Total Endowment Net Assets
Endowment net assets, beginning of year Additions/transfers	\$ 1,741,683	\$	5,100	\$	1,746,783
Dividend and interest income Unrealized gain in investments Endowment net assets, end of year	\$ 42,340 44,792 1,828,815	\$	5,100	\$	42,340 44,792 1,833,915

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 12. ENDOWMENTS: (CONTINUED)

Changes in endowment assets as of September 30, 2018 are as follows:

	 Without Donor Restrictions	-	With Donor Restrictions	-	Total Endowment Net Assets
Endowment net assets, beginning of year	\$ 1,281,229	\$	5,100	\$	1,286,329
Additions/transfers	333,031		-		333,031
Dividend and interest income	30,889		-		30,889
Unrealized gain in investments	 96,534	_	_		96,534
Endowment net assets, end of year	\$ 1,741,683	\$	5,100	\$	1,746,783

#### 13. ENDOWED FUND:

A donation of \$1,000,000 was made to CFWM to be held as an endowment for the benefit of The Food Bank. The endowment is an asset of CFWM because the donor granted variance power to CFWM over the use of the endowment. As the beneficiary of the endowment, The Food Bank is entitled to an annual income distribution calculated in accordance with CFWM's distribution policy, provided The Food Bank continues to serve the four counties of Western Massachusetts and uses the distribution for operating expenses previously disclosed to CFWM. The distribution cannot be used for capital expenditures. Any amount available for expenditure that is not distributed to The Food Bank in any year shall be added to the principal of the endowed fund. The Food Bank received \$46,700 and \$46,100 from the fund for the years ended September 30, 2019 and 2018, respectively.

#### 14. DONATED FOOD, SUPPLIES AND SERVICES:

The Food Bank records in-kind support including food, materials and professional services that are used primarily in the food operations program.

Valuation of donated food items is based on the approximate average wholesale value of one pound of donated product as calculated in the Product Valuation Survey Methodology December 31, 2018 and 2017 prepared by KPMG for Feeding America. In fiscal year 2019, The Food Bank received approximately 12,537,000 pounds of food, and of this amount, approximately 6,076,000 pounds were donated. In fiscal year 2018, The Food Bank received approximately 11,905,000 pounds of food, and of this amount, approximately 6,419,000 pounds were donated.

Recognition of contributed materials is based on estimated fair value.

Contributed services are recognized if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. A number of unpaid volunteers have made significant contributions of their time to The Food Bank. Volunteer hours totaling approximately 15,800 and 16,100 were donated to The Food Bank for the years ended September 30, 2019 and 2018, respectively. The services provided by these volunteers do not meet the requirements for being recognized and, therefore are not reflected in these financial statements.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 15. RETIREMENT PLAN:

The Food Bank has a 403(b) retirement plan (the "Plan") for all eligible employees. Under this Plan, the Organization contributed a matching contribution of up to 3% of eligible wages in fiscal year 2019 and 2018. The expense under this Plan for the years ended September 30, 2019 and 2018 totaled \$44,767 and \$36,070, respectively.

In addition, during September 2016, the board approved a discretionary contribution for employees with one to three years of service at 1% of eligible wages and a 5% discretionary contribution for employees with greater than three years of service. The contribution under this amendment was approximately \$49,000 and \$50,000 for the years ended September 30, 2019 and 2018, respectively.

#### 16. OPERATING LEASES:

The Food Bank has operating leases for various equipment with maturity dates through November 2022. The monthly payments on the leases range from \$95 to \$247 including additional expenses based on usage for the years ended September 30, 2019 and 2018. The lease expense for the years ended September 30, 2019 and 2018 was \$7,916 and \$9,883, respectively.

Future minimum lease payments are approximately as follows:

For the Years Ending September 30,	 Amount
2020	\$ 5,900
2021	5,900
2022	2,400
2023	200
	\$ 14,400

#### 17. LAND LEASE:

The Food Bank leases a portion of land and a building located at 121 Bay Road, Hadley, Massachusetts ("The Food Bank Farm") to Mountain View Farms, LLC ("The Tenant"). The lease was renewed for the term commencing January 1, 2019 to December 31, 2021. The Tenant shall pay rent to The Food Bank in the form of 112,500 pounds of produce harvested from The Food Bank Farm or Mountain View Farm for each lease year. The lease agreement gives The Tenant access to the leased premises during each lease year for agricultural production and maintenance purposes. The Food Bank may terminate this agreement effective December 31st of any year in the event The Food Bank provides notice to The Tenant by September 1st of such year that The Food Bank Board of Directors has resolved to sell all or a portion of the leased premises. The Tenant may terminate the agreement effective December 31st of any year in the event The Tenant provided notice to The Food Bank by September 1st of such year. In the event of default by The Tenant, The Food Bank shall have the right to terminate the agreement upon five days' notice and to sue for damages and possession. In such event, The Tenant shall be responsible for The Food Bank's costs and expenses, including, without limitation, The Food Bank's reasonable attorney fees.

#### NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2019 AND 2018

#### 18. CONTINGENCIES:

Expenditures of funds provided by the various funding sources require compliance with terms and conditions specified in the related contracts and agreements. These expenditures are subject to audit by the contracting agencies. Any disallowed expenditures would become a liability of The Food Bank requiring repayment to the funding sources. Liabilities resulting from these audits, if any, will be recorded in the period in which the amount of liability is ascertained.

#### 19. CONCENTRATION OF CREDIT RISK:

The Food Bank maintains its cash balances in financial institutions which are insured by the Federal Deposit Insurance Corporation ("FDIC") in amounts up to \$250,000. At various times during the period, the cash balances may exceed the insured amount. The Food Bank has not experienced any losses on these accounts. In addition, The Food Bank is covered by the Depositors Insurance Fund for amounts that exceed the FDIC limit. The Food Bank believes it is not exposed to any significant credit risk on cash and certificates of deposit.

The Food Bank's financial statements are impacted by not only the price per pound of donated food (see Note 1) that varies year to year, but also by the volume of food received versus distributed during the year.

#### 20. RELATED PARTY TRANSACTIONS:

During the years ended September 30, 2019 and 2018, certain members of the Board of Directors were also representatives of The Food Bank member agencies.

A member of the Board of Directors of The Food Bank is a senior vice president at a bank that provides services to The Food Bank. The balance in the cash accounts at this bank totaled \$1,999,123 and \$2,222,168 at September 30, 2019 and 2018, respectively. Interest income from this bank was \$24,417 and \$20,357 for the years ended September 30, 2019 and 2018, respectively.

#### 21. Subsequent events:

During the first quarter of fiscal year 2020, The Food Bank entered into a purchase and sale agreement for the purchase of land in the amount of \$520,000. Management has deposited \$24,500 towards the purchase price during December 2019 and is planning for the closing by March 31, 2020. In addition, Management does not anticipate the need for any financing surrounding this acquisition.

The Food Bank has evaluated events that have occurred subsequent to January 30, 2020, the date the financial statements were available to be issued.

# SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2019

Federal Grantor/Pass-Through Grantor/Program Title			Total Federal Expenditures		
U.S. Department of Agriculture, Food and Nutrition Services - Pass-Through Massachusetts Department of Education Emergency Food Assistance Program - Food Commodities Emergency Food Assistance Program - Administrative Costs Total Food Distribution Cluster	10.569 10.568	SCDOE16758N70532126A	\$	2,183,645 374,626 2,558,271	
Pass-Through Commonwealth UMass Medical School Supplemental Nutrition Assistance Program (SNAP)  Total U.S Department of Agriculture, Food and Nutrition Services	10.551		_	121,605 2,679,876	
Total Expenditures of Federal Awards			\$	2,679,876	

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2019

#### 1. BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of The Food Bank of Western Massachusetts, Inc. ("The Food Bank") under programs of the federal government for the year ended September 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of The Food Bank, it is not intended to and does not present the financial position, changes in net assets or cash flows of The Food Bank.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

#### 3. PASS-THROUGH STATE AGENCIES:

Expenditures of federal awards for funds passed through state agencies are based on information provided by the state agencies involved.

#### 4. INDIRECT COST RATE:

The Food Bank elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance. Indirect cost rates are determined in the contract agreements with the passthrough entities.

#### 5. SUBRECIPIENTS:

There were no payments to subrecipients in any of the federal awards programs during the year ended September 30, 2019.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of The Food Bank of Western Massachusetts, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the The Food Bank of Western Massachusetts, Inc. ("The Food Bank") (a nonprofit "Organization"), which comprise the statement of financial position as of September 30, 2019, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 30, 2020.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered The Food Bank of Western Massachusetts, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the The Food Bank of Western Massachusetts, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether The Food Bank of Western Massachusetts, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of The Food Bank of Western Massachusetts, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The Food Bank of Western Massachusetts, Inc.'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors of The Food Bank of Western Massachusetts, Inc.

#### Report on Compliance for Each Major Federal Program

We have audited The Food Bank of Western Massachusetts, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on The Food Bank of Western Massachusetts, Inc.'s major federal program for the year ended September 30, 2019. The Food Bank of Western Massachusetts, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for The Food Bank of Western Massachusetts, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about The Food Bank of Western Massachusetts, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of The Food Bank of Western Massachusetts, Inc.'s compliance.

#### Opinion on Each Major Federal Program

In our opinion, The Food Bank of Western Massachusetts, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended September 30, 2019.

#### Report on Internal Control over Compliance

Management of The Food Bank of Western Massachusetts, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered The Food Bank of Western Massachusetts, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of The Food Bank of Western Massachusetts, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Holyoke, Massachusetts January 30, 2020

Mayees Brother Kalicka. P.C.

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED SEPTEMBER 30, 2019
